SIRIM Type Approval requirements for Notebook finalized for new certification

Modular Approach Eliminated

To our valued clients and partners:

Official Bulletin
February 17th, 2014

Malaysia – SIRIM Type Approval Requirements for Notebook PC's; Modular Approach Eliminated

Under the new Malaysian radiocom regulations, Notebook applications will now fall under the hybrid product category meaning each Notebook PC will need to be SIRIM Type Approved in full regardless of whether it uses SIRIM Type Approved radio modules.

This new requirement is effective immediately. Official regulations confirming the are due to be published shortly, more details will follow accordingly.
